Geography Year 4/5 Autumn Term: Knowledge Organiser – Maps of Europe (including Russia)

Key Learning (Skills)

Geography:

By the end of this learning I will be able to…

- Identify and locate the countries of Europe on a map.
- Place on a map the Northern and Southern Hemisphere, lines of latitude and longitude and the Tropic of Cancer
- Using a map find out and discuss the scale and distance of Amelia Earhart's journey across the Atlantic

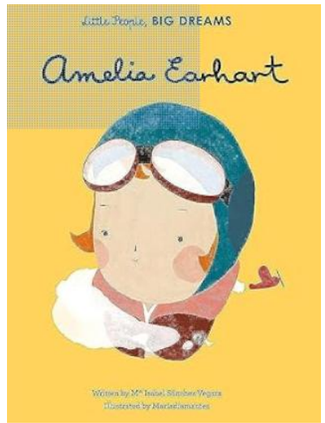
Key Learning (Knowledge)

Geography:

By the end of this learning I will know…

- Where the countries of Europe are on a map
- The Key mountain ranges, rivers and oceans in Europe and where they are
- Key facts about the Atlantic Ocean and Amelia Earhart's journey across the Atlantic

Good Books



Key Vocabulary

Equator	An imaginary line around the middle of the Earth. It is halfway between the north pole and the south pole
Northern Hemisphere	The half of the Earth that lies north of the Equator
Southern Hemisphere	The half of the Earth that lies south of the Equator
Tropic of Cancer	The line of latitude that is 23½ degrees north of the equator and is the northernmost latitude reached by the overhead sun
Scale	The relationship between the size of an object or area on a map and its actual size on the ground
Time Zones	The time in different countries. Imaginary lines called **meridians**. They run from the North Pole to the South Pole, crossing lines of latitude. There are 24 time zones.

What I already know (prior learning)

Year 2/3:

- The countries of the UK
- The 7 Continents and 5 World Oceans
- Where Europe is on a world map

What I will learn next

Year 6:

- The location of North and South America and the counties within them on a world map
- The key physical features within North and South America
- Comparing a city in the UK to a South American city
